

## WHY RENOVATE?

### FACTS

- **THE BUILDING SECTOR** is responsible for 40% of Europe's energy demand and 36% of CO<sub>2</sub> emissions
- **97%** of the EU building stock **NEED TO BE RENOVATED**

### WHY ONE STOP SHOPS?

One-stop-shops reduce transaction costs, overcome information barriers such as available financing or tailored advice on carrying out refurbishments, as well as offer integrated solutions for building renovations.

One stop shops are a win-win option for all actors, from building professionals to homeowners.

- Through integrated renovation programmes, especially at local level, the EU's **TOTAL ENERGY CONSUMPTION** could be **REDUCED BY 26%** and bring **NUMEROUS CO-BENEFITS**:
